

KENTUCKY PORTABLE CLUB

Founders Lessons Learned

COMING SOON • This page is intentionally simple so the founders can add and revise lessons later.

Section Status

COMING SOON. This document is a placeholder for practical lessons learned by the KPC founders during the club's early field operations.

When the section is ready, add short, useful lessons: what worked, what failed, what the founders would do differently, and what new operators can learn from the experience.

Planned Format

- Lesson / situation
- What happened
- What we learned
- What we would do next time
- Field tip for other KPC members
