

KENTUCKY POTA Field Resource

Numerical Order • US-####

Parks • Public Lands • Trails • Forests • Wildlife Areas

Updated link system

POTA references now point directly to the Next POTA park information page at next.pota.app/park/US-####. Camping, resort, and cabin YES buttons are direct hyperlinks. Electric/water/sewer are combined into one Utilities column, with notes such as “Water only” or “Electric + Water + Sewer” where established.

Field-use note

Always verify current park operations, campground closures, permits, hunting restrictions, and activation boundaries before travel.
