KENTUCKY WWFF

Field Resource

KFF REFERENCES • NUMERICAL ORDER

Parks • Public Lands • Trails • Forests • Wildlife Areas

We're volunteers working from public maps, and we make mistakes. Before you activate, check the official park map, make sure the land is public and open, and follow each program's rules. Your activation is your responsibility. See something wrong? **Let us know**.

ABOUT THIS GUIDE

Every active World Wide Flora & Fauna (WWFF) reference in Kentucky (program KFF), taken from the official WWFF Logsearch directory. Each reference number opens its Logsearch page. Where a KFF area matches a Kentucky POTA park, its card also links that park's POTA page, official map, website and access points.

On this page the list of 142 references comes from the club's live Kentucky data file, so it stays current. Live data updated 2026-10-17.

FIELD-USE NOTE

WWFF and POTA boundaries are not always the same. Always verify WWFF rules, current park operations, closures, permits, hunting restrictions and boundaries before travel.

MAPS: USE THE OFFICIAL MAP FIRST

Dark OFFICIAL MAP buttons (gold outline) open maps published by the managing agency (KDFWR, Kentucky State Parks, Nature Preserves, Forestry, NPS, USFS, USFWS). Use them first for activation boundaries.

OSM BOUNDARY buttons open OpenStreetMap, a community-edited source. Its boundaries may be incomplete, outdated or wrong — never rely on them alone. When in doubt, confirm with the agency.

HOW TO READ EACH CARD

KFF-####	Opens the reference's WWFF Logsearch page.
POTA US-####	Matching Kentucky POTA park (check boundaries — they can differ).
OFFICIAL MAP	Agency map (PDF or page). AREA MAP / BROCHURE = nearby map or brochure.
Park name / WEBSITE	Official park or land-manager website.
GPS	The park's GPS point in Google Maps, for directions.
OSM BOUNDARY	OpenStreetMap at the park — community-edited boundaries.
WEATHER	The Weather Channel forecast for the park's GPS point.
ENTRANCE	Official Fish & Wildlife entrance point in Google Maps.
ACCESS POINTS	Official parking/access pins in the KPC map file (KML/GPX).
NEARBY	Jumps to this park's nearby-parks list (nearest + all within 25 mi).
CAMPING • RESORT • CABINS	Shown only where available; each opens its linked page.
ALSO	SOTA summits inside the area (KY GIS) or within 3 miles. A summit is a separate program, not a 2-fer.
